I request a review of my academic record and verification that I am able to proceed to my last semester of my degree program and become a candidate for graduation.

I have read and understand the “General Requirements for Graduation” listed in the current college catalog.

I understand that I will be assessed a \$125 (undergrad)/\$150 (grad) graduation fee during my last semester of my degree/certificate program. I understand that, when notified, I must pay this fee in order to be considered a candidate for graduation and to receive my cap and gown, grades, diploma and official transcript.

I understand I must submit a final official transcript if I am enrolled in a course(s) at another institution.

Anticipated Date of Graduation: Month _____ Year _____

To be completed by Academic Advisor: Please review unofficial transcript with student and forward this form (plus any supporting documents) to the Registrar’s Office.

I have reviewed the progression of the student named above and verify that the student
 IS ELIGIBLE **IS NOT ELIGIBLE**
to proceed to the last semester of the degree program and become a candidate for graduation.

I have attached a copy of a preliminary audit and supporting documents (e.g. course substitutions, waivers, etc.)
